1996 SUBJECT INDEX

This index is a compilation of all articles and columns published in *Database Programming & Design* in 1996. Subject headings are alphabetical; entries under each heading are listed chronologically.

Aggregation and Partitioning
"Birds, Bees, and Bitmaps," R. Winter, June, 55-57.
"Divide and Aggregate: Designing Large Warehouses," M.E. Meredith and A. Khader, June, 24-30.
"Warehouse Design in the Aggregate," M. Madsen, July, 45-51.
"Business of Data: An Interview with Michael Saylor," D. Stodder, Oct., VLDB Special Edition Supplement, S2-S8.

Application Development
"Jamming on PowerBuilder," D. Thomson, Jan., 65-67.
"The Saga of IEFBR14," C.J. Date, Jan., 19-20.
"How to Avoid a GUI Mess," E. Dowgiallo, Feb., 25-27.
"Objects Without Architecture?" K. Bourne, March, 36-40.
"Objects from on High," D. Thomson, Oct., 74-75.
"The Repository: A Modern Vision," P. Bernstein, Dec., 28-35.

Applications, Integrating Packaged
"In Search of the Ideal," D. Thomson, June, 62-67.
"Adept at Adaptability," D. Thomson, July, 62-67.

Artificial Intelligence (AI)
"Data Mining: The AI Metamorphosis," H.P. Newquist, Sept., Data Mining Special Edition Supplement, S12-S14.

BEA Systems Inc.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 17.

Bitmap Indexing
"Birds, Bees, and Bitmaps," R. Winter, June, 55-57.
"Accelerating Indexed Searching," C. Bontempo and C.M. Saracco, July, 36-43.
"Sybase IQ: Expressly for the Warehouse," R. Finkelstein, Dec., 47-49.

Buffer Pools
"DB2 Buffer Pools: Making the Big Splash," J. Goldstein, June, 46-53.

Business Rules
"Object-Oriented Lessons," B. von Halle, Jan., 13-16.
"The Never-Ending Search for Knowledge," B. von Halle, Feb., 15-18.
"When Business-Rule Analysis and Object Orientation Cross Paths," B. von Halle, March, 15-18.
"How Far Have You Evolved?" B. von Halle, April, 11-14.
"In Pursuit of Good Behavior," B. von Halle, May, 11-15.
"Tools for Business Rules," P. Winsberg, May, 66-67.
Access Path: "Constraints and Multiple Related Objects," P. Bowden, June, 9.
"Sink or Swim," B. von Halle, July, 11-12.
"Better Business Practices," T. Moriarty, July, 59-61.
"How Smart Is Your Enterprise?" B. von Halle, Aug., 11-13.
"Breaking the Rules on Purpose," B. von Halle and E. Gottesdiener, Sept., 9-12.
"Chooser's Guide," B. von Halle, Oct., 13-18.
"Business Rules and Object-Role Modeling," T. Halpin, Oct., 66-72.
"The Configurator: Enabling Object-Rule Integration," T. Tanrikorur, Nov., 45-48.
"Explaining the Business Connection," B. von Halle and J. Conkey, Dec., 9-12.

CA-OpenIngres (Computer Associates International Inc.)
"Getting a Lock on Integrity and Concurrency," C.M. Saracco and C. Bontempo, Aug., 36-42.

CASE
"CASE Essence: Automating IE Training," T. Moriarty, Jan., 60-62.
"Tools for Business Rules," P. Winsberg, May, 66-67.
"Heart of the Warehouse," T. Moriarty and C. Mandracchia, Nov., 70-74.

CASE Essence (agpw Inc.)
"CASE Essence: Automating IE Training," T. Moriarty, Jan., 60-62.

CICS and TCP/IP
"Going Uptown," J. Kong, Jan., 56-59.

Client/Server Systems
"Building a Distributed Database Support Infrastructure," C. McDonald, Jan., 28-41.
"How to Avoid a GUI Mess," E. Dowgiallo, Feb., 25-27.
"The Theory of Evolution," D. Daly, Feb., 57-59.
"TP Monitors in Today's Systems," R. Orfali, D. Harkey, and J. Edwards, Sept., 50-57.
"Client/Server Redefined," M. Panttaja, Oct., 30-32; 53-55.

Cold Fusion (Allaire Corp.)
"Web-Footed Applications," D. Thomson, Aug., 63-67.

Cray CS6400 (Sun Microsystems Inc.)
"Seeking the Balance: Large SMP Warehouses," B. Carlile, Aug., 44-48.

Data Administration
Access Path: "The Role of DAs in OO Development," T. Marquardt, Jan., 8-9.
"Data Modeling: Testing the Foundations," G. Simsion, Feb., 50-54.
"How Far Have You Evolved?" B. von Halle, April, 11-14.
"The Seven Habits of Highly Effective Data Modelers," D. Moody, Oct., 56-64.
"Data Administration and TQM: Perfect Together!" R. Giordano, Dec., 50-55.
"Explaining the Business Connection," B. von Halle and J. Conkey, Dec., 9-12.

Data Mining
"New Realms of Analysis: Surveying Decision Support," K. Parsaye, April, 26-33.
"Data Mining and Visualization," J. Weldon, May, 21-24.
"Data Mining: AI Redux?" P. Chapnick, Sept., Data Mining Special Edition Supplement, S5.
"Data Mines for Data Warehouses," K. Parsaye, Sept., Data Mining Special Edition Supplement, S6-S11.
"Data Mining: The AI Metamorphosis," H.P. Newquist, Sept., Data Mining Special Edition Supplement, S12-S14.

Data Modeling
Access Path: "The Role of DAs in OO Development," T. Marquardt, Jan., 8-9.
"CASE Essence: Automating IE Training," T. Moriarty, Jan., 60-62.
"The Ultimate 'Product' Database," C. Baumunk, Jan., 51-54.
"Data Modeling: Testing the Foundations," G. Simsion, Feb., 50-54.
"The Never-Ending Search for Knowledge," B. von Halle, Feb., 15-18.
"When Business-Rule Analysis and Object Orientation Cross Paths," B. von Halle, March, 15-18.
"Barriers to Data Quality Part 1: Disparate Data," T. Moriarty, April, 66-68.
"How Far Have You Evolved?" B. von Halle, April, 11-14.
"In Pursuit of Good Behavior," B. von Halle, May, 11-15.
"Architecting for Evolution," T. Moriarty, June, 58-61.
"Just Say 'Why'," B. von Halle, June, 13-15.
"OLAP Database Design: A New Dimension," D. Bulos, June, 32-37.
"Meta-Level Modeling," T. Moriarty, Sept., 68-74.
Access Path: "Data Modeling is Design? I Don't Think So!" B. Nell, R. Orli, D. Hay, R. Warner, and B. Schmidt, Oct., 9-10.
"The Seven Habits of Highly Effective Data Modelers," D. Moody, Oct., 56-64.

"OLAP Database Design: A New Dimension," D. Bulos, June, 32-37.
"Meta-Level Modeling," T. Moriarty, Sept., 68-74.
Access Path: "Data Modeling is Design? I Don't Think So!" B. Nell, R. Orli, D. Hay, R. Warner, and B. Schmidt, Oct., 9-10.
"The Seven Habits of Highly Effective Data Modelers," D. Moody, Oct., 56-64.

"Business Rules and Object-Role Modeling," T. Halpin, Oct., 66-72.

Data Quality
"What Every Good System Does," T. Moriarty, March, 57-59.
"Barriers to Data Quality Part 1: Disparate Data," T. Moriarty, April, 66-68.
"Address Hygiene for Global Databases," T. Atkinson, April, 54-59.
"Barriers to Data Quality Part 2: Business Practices," T. Moriarty, May, 61-63.
"Better Business Practices," T. Moriarty, July, 59-61.
"Business Analysis Techniques," T. Moriarty and V. Thompson, Aug., 57-60.
"Building More than a Data Warehouse," J. Bischoff and R. Yevich, Sept., 26-31; 49.
"Meta-Level Modeling," T. Moriarty, Sept., 68-74.
"Data Administration and TQM: Perfect Together!" R. Giordano, Dec., 50-55.

Data Visualization
"Data Mining and Visualization," J. Weldon, May, 21-24.

Data Warehouses
"Data Warehousing and Parallel Technology," N. Alur, Jan., 23-26.
"Data Warehouse: What's in a Name?" C. White, March, 53-54.
"What Every Good System Does," T. Moriarty, March, 57-59.
"Divide and Aggregate: Designing Large Warehouses," M.E. Meredith and A. Khader, June, 24-30.
"Warehouse Design in the Aggregate," M. Madsen, July, 45-51.
"Building More than a Data Warehouse," J. Bischoff and R. Yevich, Sept., 26-31; 49.
"Data Mines for Data Warehouses," K. Parsaye, Sept., Data Mining Special Edition Supplement, S6-S11.
"More than Meets the Eye," D. Pearson, Sept., 58-63.
"Business of Data: An Interview with Michael Saylor," D. Stodder, Oct., VLDB Special Edition Supplement, S2-S8.
"Effective MPP Performance Management," B. Zibitsker and G. Sigalov, Oct., VLDB Special Edition Supplement, S11-S16.
"Data's Quest—From Source to Query," T. Moriarty and R. Greenwood, Oct., 78-81.
"Heart of the Warehouse," T. Moriarty and C. Mandracchia, Nov., 70-74.
"Data Warehouse Must-Reads," T. Moriarty and A. Moore, Dec., 61-63.
"Report from the Trenches," T. Quinlan, Dec., 36-45.
"Sybase IQ: Expressly for the Warehouse," R. Finkelstein, Dec., 47-49.
"Beyond the Warehouse," A. Simon, Industry in Focus Issue: Dec., 42-46.

Database Administration
"Who Cares About Database Security?" M.G. Hubel, Feb., 42-45.
"In Search of the Perfect Database Monitor," H. Fosdick, March, 48-51.
"Time to Reengineer the DBA?" T. Quinlan, March, 28-34.
Access Path: "Column Order—To Be or Not To Be?" A. Lubarov, April, 9.
"Divide and Aggregate: Designing Large Warehouses," M.E. Meredith and A. Khader, June, 24-30.
"Is There a DBA in the House?" E. Dowgiallo, June, 21-22.
"So You're not Rumpelstiltskin...," C. Young, July, 21-25.
"How Smart Is Your Enterprise?" B. von Halle, Aug., 11-13.

Database Technology, History of
"A Conversation with a Database Legend," J. Gray with D. Stodder, May, 26-35.

DB2 Common Server (IBM Corp.)
"Query Power: Subqueries in DB2 V2," D. Chamberlin, April, 45-40.
"Recursion in SQL: Tips and Techniques," D. Chamberlin, May, 47-52.

DB2 for MVS (IBM Corp.)
"Sit Back and Let DB2 Handle Your Constraints," G. Wiorkowski and J. Kneiling, March, 61-63.
"DB2 Buffer Pools: Making the Big Splash," J. Goldstein, June, 46-53.
"Getting a Lock on Integrity and Concurrency," C.M. Saracco and C. Bontempo, Aug., 36-42.

Decision-Support Systems
"Choosing Tools for Multidimensional Data," J. Weldon, Feb., 28-35.
"The ABCs of EIS," S. Shanbaum, Feb., 61-63.
"Data Warehouse: What's in a Name?" C. White, March, 53-54.
"Tools for OLAP Query, Reporting, and Analysis," J. Weldon, March, 25-27.
"Multidimensional Data Managers," J. Weldon, April, 21-24.
"New Realms of Analysis: Surveying Decision Support," K. Parsaye, April, 26-33.
"Data Mining and Visualization," J. Weldon, May, 21-24.
"Seeking the Balance: Large SMP Warehouses," B. Carlile, Aug., 44-48.
"The Forecast Calls for More Data," D. Stodder, Sept., 5.
"Building More than a Data Warehouse," J. Bischoff and R. Yevich, Sept., 26-31; 49.
"Data Mines for Data Warehouses," K. Parsaye, Sept., Data Mining Special Edition Supplement, S6-S11.
"Business of Data: An Interview with Michael Saylor," D. Stodder, Oct., VLDB Special Edition Supplement, S2-S8.

Default Values
"Faults and Defaults—Part 1 of 5," C.J. Date, Nov., 21-24.
"Faults and Defaults—Part 2 of 5," C.J. Date, Dec., 15-19.

Design, Database
"Report from the Trenches," T. Quinlan, Dec., 36-45.

Disk Storage Technology
"Make Way for the Petabytes!" R. Winter, Nov., 27-32.

Distributed Computing
"Client/Server Redefined," M. Panttaja, Oct., 30-32; 53-55.

Distributed Database Systems
"Building a Distributed Database Support Infrastructure," C. McDonald, Jan., 28-41.
"A Conversation with a Database Legend," J. Gray with D. Stodder, May, 26-35.
"The Broker of Networked Services," M. Norman, Industry in Focus Issue: Dec., 30-38.
"Beyond the Warehouse," A. Simon, Industry in Focus Issue: Dec., 42-46.

Domains, Relational
Access Path: "The Relational Theory and Object Class Definitions," A. Raybould, March, 11-13.

Enterprise Systems Modeling
"Architecting in a Virtual World," B. von Halle, Nov., 13-18.

Executive Information Systems (EISs)
"The ABCs of EIS," S. Shanbaum, Feb., 61-63.
"More than Meets the Eye," D. Pearson, Sept., 58-63.

Gray, Jim
"A Conversation with a Database Legend," J. Gray with D. Stodder, May, 26-35.

Health Care and Databases
"Serving the Body's Image," D. Slotnick, July, 52-56.
"High-Tech Hippocrates," D. Stodder, Nov., 7-8.

Hewlett-Packard Co.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 16.

IBM Corp.
"Sit Back and Let DB2 Handle Your Constraints," G. Wiorkowski and J. Kneiling, March, 61-63.
"Query Power: Subqueries in DB2 V2," D. Chamberlin, April, 45-40.
"Recursion in SQL: Tips and Techniques," D. Chamberlin, May, 47-52.
"Deep in the Heart of DB2," D. Stodder, Aug., 5-6.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 13.

Indexing
"Big Tips for Big Tables," K. Loney, E. Aronoff, and N. Sonawalla, Nov., 58-62.

InfoModeler (Asymetrix Corp.)
"Tools for Business Rules," P. Winsberg, May, 66-67.

Information Resource Management
"Architecting for Evolution," T. Moriarty, June, 58-61.
"Better Business Practices," T. Moriarty, July, 59-61.
"Business Analysis Techniques," T. Moriarty and V. Thompson, Aug., 57-60.

Informix DataBlades (Informix Software Inc.)
"To Universally Serve," M. Norman and R. Bloor, July, 26-35.
"Desperately Seeking Serendipity," D. Slotnick and D. Stodder, Oct., 7.

"Database of All Trades," M. Keeler, Nov., 34-42.

Informix Software Inc.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 12.

Integrity, Database
"Getting a Lock on Integrity and Concurrency," C.M. Saracco and C. Bontempo, Aug., 36-42.

Internet/Intranets and Database
"A Conversation with a Database Legend," J. Gray with D. Stodder, May, 26-35.
"Web-Footed Applications," D. Thomson, Aug., 63-67.
"Client/Server Redefined," M. Panttaja, Oct., 30-32; 53-55.
"Business of Data: An Interview with Michael Saylor," D. Stodder, Oct., VLDB Special Edition Supplement, S2-S8.
"Database of All Trades," M. Keeler, Nov., 34-42.
"The Broker of Networked Services," M. Norman, Industry in Focus Issue: Dec., 30-38.

Jasmine (Computer Associates Intl. Inc.)
"To Universally Serve," M. Norman and R. Bloor, July, 26-35.

Join Processing
"Join Processing: The Relational Embrace," C. Bontempo and C.M. Saracco, Jan., 43-49.
"Query Pipelines in Parallel Databases," M. Norman, April, 34-43.

Mailing Addresses, Data Naming and
"Address Hygiene for Global Databases," T. Atkinson, April, 54-59.

Many (or Multi)-Valued Logic (MVL) and Nulls
Access Path: "Nulls and the Real World," A. van Riel, Feb., 11.
"Round and Round the Nullberry Bush," C.J. Date, Feb., 21-22.
"Empowering the User," D. Chamberlin, Sept., 65-67.

Massively Parallel Processing (MPP)
"Data Warehousing and Parallel Technology," N. Alur, Jan., 23-26.
Access Path: "The Impractical side of MPP," C. Burke, Sept., 6.
"Effective MPP Performance Management," B. Zibitsker and G. Sigalov, Oct., VLDB Special Edition Supplement, S11-S16.

Matrix Processing, SQL
"SQL Matrix Processing," S. Mrdalj, B. Vujovic, and V. Jovanovic, Aug., 26-35.

Metadata
"Data's Quest—From Source to Query," T. Moriarty and R. Greenwood, Oct., 78-81.
"Heart of the Warehouse," T. Moriarty and C. Mandracchia, Nov., 70-74.
"The Repository: A Modern Vision," P. Bernstein, Dec., 28-35.

Microsoft Corp.
"A Conversation with a Database Legend," J. Gray with D. Stodder, May, 26-35.
"Update: Microsoft Windows NT 4.0," D. Slotnick, July, 71.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 12.

MicroStrategy Inc.
"Business of Data: An Interview with Michael Saylor," D. Stodder, Oct., VLDB Special Edition Supplement, S2-S8.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 16.

Multidimensional Databases
"Choosing Tools for Multidimensional Data," J. Weldon, Feb., 28-35.
"Tools for OLAP Query, Reporting, and Analysis," J. Weldon, March, 25-27.
"Multidimensional Data Managers," J. Weldon, April, 21-24.
"New Realms of Analysis: Surveying Decision Support," K. Parsaye, April, 26-33.

"Seeking the Balance: Large SMP Warehouses," B. Carlile, Aug., 44-48.
"Big Tips for Big Tables," K. Loney, E. Aronoff, and N. Sonawalla, Nov., 58-62.
"When You Wish Upon a Star," K. Loney, E. Aronoff, and N. Sonawalla, Dec., 57-59.

Oracle Corp.
"The Broker of Networked Services," M. Norman, Industry in Focus Issue: Dec., 30-38.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 13.

Oracle Universal Server (Oracle Corp.)
"To Universally Serve," M. Norman and R. Bloor, July, 26-35.

Parallel Databases
"Query Pipelines in Parallel Databases," M. Norman, April, 34-43.
"Sybase System 11: The Performance Imperative," G. Anderson, May, 36-45.
"Seeking the Balance: Large SMP Warehouses," B. Carlile, Aug., 44-48.

PC/Mainframe Connectivity
"Going Uptown," J. Kong, Jan., 56-59.

Performance Tuning
"Join Processing: The Relational Embrace," C. Bontempo and C.M. Saracco, Jan., 43-49.
"More Paths to Better Performance," J.A. Holmes, Feb., 47-48.
"In Search of the Perfect Database Monitor," H. Fosdick, March, 48-51.
"Is There a DBA in the House?" E. Dowgiallo, June, 21-22.
"System 11: Building an I/O Superhighway," G. Anderson, June, 39-44.
"So You're not Rumpelstiltskin...," C. Young, July, 21-25.
"Accelerating Indexed Searching," C. Bontempo and C.M. Saracco, July, 36-43.
"Getting a Lock on Integrity and Concurrency," C.M. Saracco and C. Bontempo, Aug., 36-42.
"Seeking the Balance: Large SMP Warehouses," B. Carlile, Aug., 44-48.
"Big Tips for Big Tables," K. Loney, E. Aronoff, and N. Sonawalla, Nov., 58-62.
"When You Wish Upon a Star," K. Loney, E. Aronoff, and N. Sonawalla, Dec., 57-59.

PowerBuilder
"Jamming on PowerBuilder," D. Thomson, Jan., 65-67.

Puzzles, C.J. Date's
"Some Answers for Those Who Are Still Puzzling," C.J. Date, March, 21-23.
"The Art of the Possible," C.J. Date, June, 17-19.
"Those Puzzle Corner Problems," C.J. Date, Oct., 21-24.

Quota Queries
"Quota Queries—Part 1," C.J. Date, July, 15-18.
"Quota Queries—Part 2," C.J. Date, Aug., 15-18.
"Quota Queries—Part 3," C.J. Date, Sept., 15-18.

Red Brick Systems
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 14.

Relational Model and Database
Access Path: "The Relational Theory and Object Class Definitions," A. Raybould, March, 11-13.
"Aggregate Functions," C.J. Date, April, 17-19.

Repositories
"The Repository: A Modern Vision," P. Bernstein, Dec., 28-35.

Saylor, Michael
"Business of Data: An Interview with Michael Saylor," D. Stodder, Oct., VLDB Special Edition Supplement, S2-S8.

Security, Database
"Who Cares About Database Security?" M.G. Hubel, Feb., 42-45.
Access Path: "Database Security: A Different Perspective," R. Emmons, Nov., 11.

Shoales, Ian
"In Cyberspace No One Can Hear You Spend," I. Shoales, Feb., 72.
"Toys Will Be Toys," I. Shoales, March, 72.

"Let Sleeping Beauties Lie," I. Shoales, June, 72.
"Attack of the Mental Giants," I. Shoales, July, 72.
"Autopia R.I.P.," I. Shoales, Aug., 72.
"It's Mine, and You Can't Have It," I. Shoales, Oct., 84.
"Welcome to Cyberspace," I. Shoales, Nov., 80.
"You Can't Telecommuter Anything," I. Shoales, Dec., 72.

Smalltalk
"Objects from on High," D. Thomson, Oct., 74-75.

Spatial Data
"Handling Spatial Data," R. Winter, Aug., 21-25.

Spatial Data Option (Oracle Corp.)
"Handling Spatial Data," R. Winter, Aug., 21-25.

SQL Programming
"The Declarative Transpose," K. Davis, March, 43-46.
"Aggregate Functions," C.J. Date, April, 17-19.
"Query Power: Subqueries in DB2 V2," D. Chamberlin, April, 45-40.
"Recursion in SQL: Tips and Techniques," D. Chamberlin, May, 47-52.
"Summarize Revisited," C.J. Date, May, 17-19.
"Quota Queries—Part 1," C.J. Date, July, 15-18.
"Quota Queries—Part 2," C.J. Date, Aug., 15-18.
"SQL Matrix Processing," S. Mrdalj, B. Vujovic, and V. Jovanovic, Aug., 26-35.
"Quota Queries—Part 3," C.J. Date, Sept., 15-18.
"Empowering the User," D. Chamberlin, Sept., 65-67.
"Faults and Defaults—Part 2 of 5," C.J. Date, Dec., 15-19.

SQL Standard
"Why Standardize?" J. Melton, April, 60-63.
Access Path: "U.K. SQL Standards Group Speaks Up," E. Dee, May, 8-9.
"A Shift in the Landscape," J. Melton, Aug., 51-54.
"Terms of Endearment," D. Barry, Nov., 50-57.
"A Call to Arms," J. Melton, Nov., 65-68.
"The 'What's What' of SQL3," J. Melton, Dec., 66-69.

SQLServer 6.0 (Microsoft Corp.)
"Microsoft's SQL Server 6.0: Raising the Bar," E. Ace, Feb., 37-41.

Star Schema Design
"Data Warehouse Must-Reads," T. Moriarty and A. Moore, Dec., 61-63.
"When You Wish Upon a Star," K. Loney, E. Aronoff, and N. Sonawalla, Dec., 57-59.

Stored Procedures and Triggers
"Time to Reengineer the DBA?" T. Quinlan, March, 28-34.

Sun Microsystems Inc.
"Trading Brawn for Brains," D. Stodder, Oct., 27-28.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 14.

Sybase Inc.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 15.

Sybase IQ (Sybase Inc.)
"Sybase IQ: Expressly for the Warehouse," R. Finkelstein, Dec., 47-49.

Sybase SQLServer (Sybase Inc.)
"Say a Little Prayer for Sybase," D. Stodder, Jan., 7.
"Sybase System 11: The Performance Imperative," G. Anderson, May, 36-45.
"System 11: Building an I/O Superhighway," G. Anderson, June, 39-44.
"Getting a Lock on Integrity and Concurrency," C.M. Saracco and C. Bontempo, Aug., 36-42.

Tandem Computers Inc.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 17.

Teradata (NCR Corp.)
"Effective MPP Performance Management," B. Zibitsker and G. Sigalov, Oct., VLDB Special Edition Supplement, S11-S16.

Transaction Processing Monitors
"TP Monitors in Today's Systems," R. Orfali, D. Harkey, and J. Edwards, Sept., 50-57.

Universal Servers
"Database of All Trades," M. Keeler, Nov., 34-42.

Verity Inc.
"The Database Dozen," D. Stodder, Industry in Focus Issue: Dec., 15.

Very Large Databases (VLDBs)
"Oracle VLDB: In the Land of the Giants," D. Wu, May, 54-59.
"Birds, Bees, and Bitmaps," R. Winter, June, 55-57.
"So You're not Rumpelstiltskin...," C. Young, July, 21-25.
"How Large is 'Very Large'?" R. Winter, Sept., 21-24; 79-80.
"Trading Brawn for Brains," D. Stodder, Oct., 27-28.
"Make Way for the Petabytes!" R. Winter, Nov., 27-32.
"Object Technology Meets VLDB," R. Winter, Dec., 21-26.

Very Large Databases, Winter Survey
"How Large is 'Very Large'?" R. Winter, Sept., 21-24; 79-80.

Vision Builder/Vision Software Tools Inc.
"Tools for Business Rules," P. Winsberg, May, 66-67.

Zachman Framework
"Architecting for Evolution," T. Moriarty, June, 58-61.
"Architecting in a Virtual World," B. von Halle, Nov., 13-18.
